

Gazprom reviews South Stream route – UPI

Republika Srpska president Milorad Dodik met with the head of Russia's Gazprom to discuss plans for a section of the South Stream gas pipeline to run through RS territory. Gazprom has already signed a memorandum of understanding with the government of Serbia as part of the South Stream project.

"Is the Constitution of BiH compatible with the EU?" – Fena

The Konrad Adenauer Stiftung, a political education foundation based in Germany, is hosting a four-day conference on the BiH constitution and the EU accession process, scheduled to begin this Saturday in Cadenabbia, Italy.

The event will include leaders from most of BiH's political parties, as well as Bosnian legal experts and political commentators. German and EU officials will also be present.
